

ELECTRO MAGNETIC SWEEPERS

ELECTRO MAGNETIC TOWABLE ROAD SWEEPERS

ERSSD Series

Electro Magnetic Towable Road Sweepers are the ideal solution for large surfaces such as shipyards, airports, warehouses, etc. These large, powerful electromagnets remove all sizes of potentially harmful tramp metal. This unit can operate in all weather conditions and comes with a manual start helping the driver to turn the unit on and off without having to get out of the truck.

Adjustable up to a 6" suspension height on magnets.

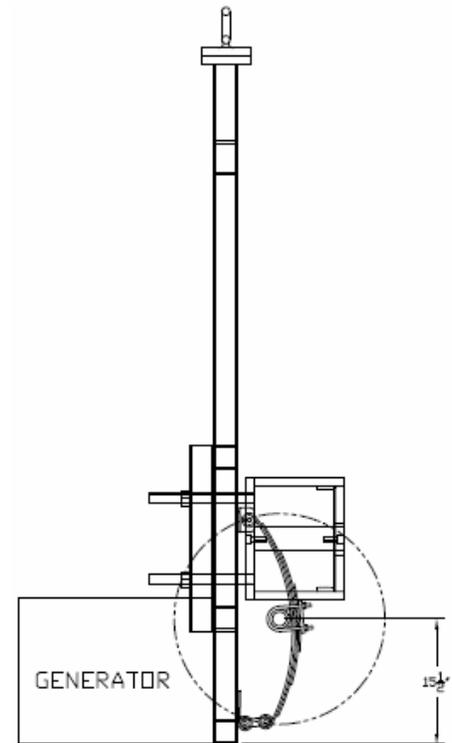

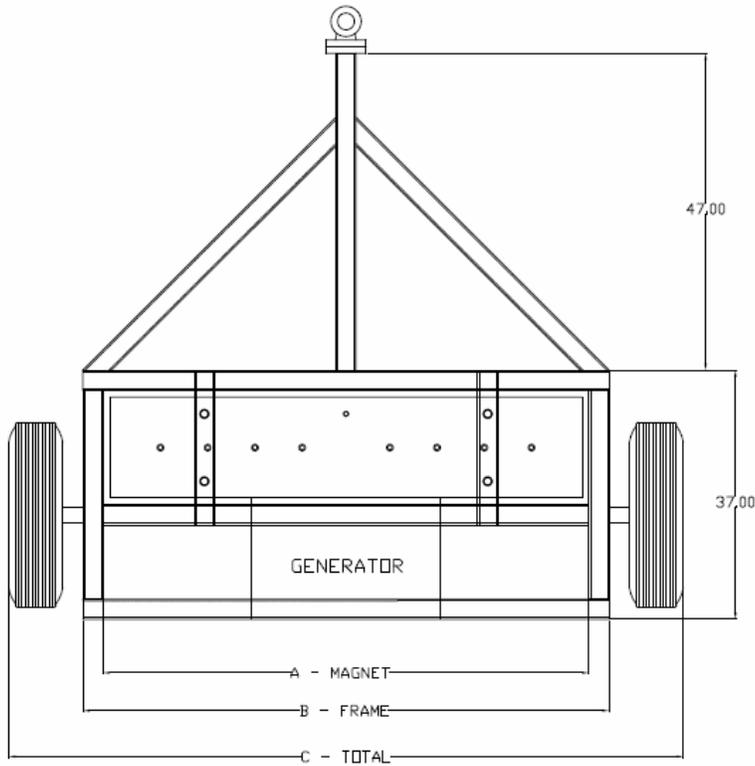

Standard widths: 48", 60", & 72"
Example Model No. ERSSD48

FEATURES:

- Stainless steel enclosed magnet face
- Rugged all welded construction
- Terminal box and reverse surge drop control
- 14" pneumatic tires & rims on a 3500 lb axle with leaf springs
- Heavy duty frame
- Tow bar and adjustable parking stand
- Electric start with switch and starter motor (battery not included)
